A BIG FIGHT AT FOUNDRY

The Madden Family Have
Serious Mix Up at 3 O'clock
This Afternoon.

Thomas Madden, Sr., Badly In-
jured—Thomas, Jr., Knock-
ed Unconscious.

One of the most serious fights
which has occurred in this city for
years occurred at the Rushville foundry
this afternoon, while the Madden
family, who are expert iron workers,
were molding tile making machinery.

The cause of the trouble is unknown.
Thomas Madden, Sr., asked Lawrence
Madden to take a skimmer and to pull
a hook off a ladle which was filled
with molten iron. Lawrence Madden
picked up a heavy iron clamp, and hit
Thomas Madden, Sr., over the head
with it. The latter was felled to the
floor by the heavy blow, and before he
could get up to defend himself, Thomas
Madden, Jr., came to his father's rescue
and attacked Lawrence Madden, but was
promptly knocked unconscious by Frank
Madden, who hit him with a heavy rod of iron.
As the Thomas Maddens, senior and junior,
arose from the floor, weak and their
heads stained with blood from the heavy
blows which they received, they were
both knocked down again by Lawrence
Madden.

The sight was sickening, as the
blows which were dealt with large
and heavy pieces of metal, by the iron
workers, who are every one physical
giants, were enough to kill ordinary
men. Many people who were at the
foundry at the time, were unable to
witness the fight and many walked
away, unable to offer assistance to the
men who were almost being slaughtered.

John Moffett started to rescue the
men, but the fight was finished before
he could do anything.

The Thomas Maddens, senior and
junior, were taken to the office of
Dr. Frank Green who dressed the
wounds. Dr. Green thought that
Thomas Madden, Sr., had a skull
fractured and he called in Dr. Setson
to make a thorough examination of the
injured man. The doctor's decision
had not been made at the time of
going to press. Both of the injured
men had deep gashes cut into their
heads, which displayed the bone.

The cause of all the trouble is a
mystery, but people who were about
the foundry nearly all afternoon say
that there was some feeling between
the two families. Thomas Madden,
Sr., is the father of Thomas Madden,
Jr., and Lawrence and Frank Madden,
belong to another family, but they are
all related to each other.

The fight was made more dangerous
and frightful, as large ladles of melted
iron and moulds filled with the seath-
ing metal, were laying in all parts of
the room. If one of the men had fallen
into one of these, he would have met
a horrible death, as his body would
probably have been burned beyond
recognition.

As yet no arrests have been made,
and while this fight was going on,
which was endangering the lives of
several men, the Rushville police au-
thorities were all standing around a
peanut roaster on the public square,
fussing among themselves upon some
trivial matter. They did not learn of
the fight until 4 o'clock, at which
time they were informed by a Repub-
lican reporter.

—C. W. Beck, of Falmouth, was in
the city on business today.

HOW DO YOU LIKE EGGS?

Fried, Boiled, Poached or "Cann-
ed" as Under the
New Method.

One of the most unique concerns
which was ever incorporated to do
business in St. Louis is a company to
can eggs. The Southern Egg Preserv-
ing company has opened a factory there
and has begun the operation of con-
verting "spotted eggs" into good
ones. The enterprise buys up the
broken and spotted eggs from the com-
mission houses. Men divide the good
from the bad portions and pour the
part to be saved into a huge churn.
When it is full a girl churns it until
it reaches the proper consistency for
the egg preserving fluid. Again the
churn is revolved for half an hour.
When the eggs reach the proper point
they are poured off into cans and
stored away ready for use. The house
claims to have orders from baker-
ies and other concerns in Chicago,
Cincinnati and other large Eastern
cities.

MR. WATSON MAY DELIVER ADDRESS

Big Preparations Being Made for
Regimental Reunion at
Brookville.

As announced last week the surviv-
ors of the 68th and 83d Ind. Infantry
regiments will hold their reunion at
Brookville on Wednesday and Thurs-
day, August 16th and 17th.

Preparations are being made in that
city to entertain them in the best
possible style. A good program will
be arranged for the camp fire at night
and for the sessions during the day.
There will be some good speakers
present. Mr. Watson will go if he has
no conflicting date already made, and
Rev. Wood, of Indianapolis, a member
of the 68th will deliver an address.
Several Rush county old soldiers were
members of these two regiments and
will attend.

THE WOODMEN'S LOG ROLLING

A Great Meeting is Anticipated
at Seymour September
4th to 9th.

The committee in charge of arrange-
ments for the Modern Woodmen State
Log Rolling and Foresters Encamp-
ment to be held at Seymour Septem-
ber 4th to 9th, is very busy perfecting
plans. The committee is leaving noth-
ing undone that will contribute to the
success of the meeting. The plans
are elaborate, and it is safe to say that
the week of the Log Rolling will be
the greatest in the history of that city.

The Foresters Encampment will
bring uniformed drill teams from all
parts of the State to participate in the
prize drills. Woodmen will come
from camps all over Indiana to partici-
pate in the business and festivities of
the week.

The best carnival company ever seen
in that part of the State will be there
all week to supply entertainment and
amusement for every one and a great
crowd is anticipated.

The meeting of the colored Indiana
District Grand Lodge and Household
of Ruth of the Grand United Order
of Odd Fellows, which has continued
several days at Indianapolis, closed
last night with the election of officers
and installation at Tomlinson Hall.
The following officials were elected
and installed: Rice C. Simpson, D.
G. M., Terre Haute, Ind.; William
G. Bennett, D. G. M., Rockville;
Martin Dean, G. G. S. New Castle;
Allen Daniels, treasurer, Rushville;
John Jones, D. G. D., Indianapolis.

MAY GO TO COLUMBUS

I. & C. Said to be Planning
Extension Through Bar-
tholomew County.

Several Men of Columbus Have
Taken With Idea and Will
Take Stock.

One of the prominent citizens of this
county was seen yesterday evening and
asked, "Mr. —, I have heard a rumor
that the citizens of Hope and surround-
ing country were considering the ad-
visability of sending a committee to
see Charles L. Henry in regard to the
question of getting him to extend the
interurban line which is being built
from Shelbyville to Greensburg, from
the latter place on to Hope, and this
city." A look of astonishment came
on to his face and he exclaimed, "Who
told you this?" He was then asked if
it were not true, to which he admit-
ted that the supposition of the re-
porter was correct. "I did not think
there was a single person outside of a
few men who are closely interested
who knew anything of the matter," he
said.

This opening having been forced he
proceeded to tell of what was being
done. Several men of this city have
already taken up the idea of having the
line extended and have pledged them-
selves to subscribe liberally for stock
in the road if Mr. Henry will under-
take its construction. Hawcreek
township alone will subscribe \$20,000,
according to reports, and it is thought
that \$100,000 worth of stock will be
subscribed at the very least in the
county. Mr. Henry has the reputa-
tion of being one of the most energetic
traction men in the West, and accord-
ing to his own testimony before the
State board of equalization he admit-
ted that his line from Indianapolis to
Shelbyville was a veritable gold mine.
This is probably one reason why so
many of the good business men of this
county have signified their intention
of subscribing liberally toward the
construction of the new line, for they
recognize in Mr. Henry a man who
does things.

The proposed line would probably
run along the route proposed by
Charles N. Wilson two years ago.
It would touch at least Hartsville
and Hope in this county, besides Co-
lumbus, and would run through rich
and populous parts of Shelby and De-
catour counties.

CUTTING WEEDS IN THE COUNTRY

A State Law Which Makes Weed
Cutting Obligatory Before
Last of August.

It is not only Rushville property
owners who must cut weeds. A city
ordinance makes this work necessary
in this city, but the country districts
are not exempt.

In many sections of Rush county
there has been sad neglect of the law
providing for the clearance from the
public highways of thistles and nox-
ious weeds. The period contemplated
by the law for the performance of this
work is now at hand and expires on
the 20th day of August. Now is the
time to do the work. The law reads
as follows:

"All land owners through or along
whose land public highways are laid
out and extend, shall between the first
day of July and the twentieth day of
August in each year, cause all briars,
thistles, weeds, growing along said
highways and contiguous to their
lands, to be cut down and destroyed for
the length and distance the said high-
way shall extend along or through
their land."

WOMAN ON THE FARM

She is Not Supposed to Assist
With the Work in the
Field.

Many agricultural papers are advo-
cating the plan of asking the women
members of their families to assist in
the lighter part of outdoor farm work,
a subject which had better be let
alone. Any farmer who needs the
help of his wife and daughter in the
field would better be out of the
business. Where is the farmer's
wife who has so much leisure on her
hands that she can assist in the farm
work proper?

If there are such women, turn the
poultry over to them and see them
make money. Farmers who are advo-
cating this outdoor work for women
would better look more closely into
the situation, when they will see that
what most farmers' wives need is help
in the woman's work of the farm—in
the kitchen, in the dairy and in the
hundred and one things they have to
do, especially if there are small child-
ren in the family. Many men are
liberal enough about hiring help for
the farm work, but mighty stingy
when it comes to hiring help to assist
the over-worked wife.

A BARN BURNS NEAR OCCIDENT

Structure Belonging to Owen
Behr is Destroyed by
Fire.

A large barn on the farm of Owen
Behr, one mile west and three-quar-
ters of a mile north of Occident,
caught fire about 7:30 o'clock Thurs-
day night and burned to the ground.

The fire made a bright light which
attracted considerable attention from
the people in this city.

The origin of the fire is unknown.
The barn was full of new hay, and it
is supposed that spontaneous combus-
tion started the blaze. The barn and
all its contents, including 500 bushels
of wheat, implements and other arti-
cles were destroyed. The stock that
was in the barn was saved. The fire
burned until 9 o'clock, illuminating
the heavens. The total loss is estima-
ted at \$2500, partially covered by \$300
insurance.

PLEADS GUILTY TO THE CHARGE

Woman Files Affidavit Against
Marshal Craige for Curs-
ing Her.

A woman from Pendleton, Ind., by
the name of Mrs. Manda Ireland, was
here this afternoon, trying to gain the
custody of her little girl, who is now
in the possession of her father. The
woman was sent to Marshal Craige to
receive aid, but he told her to go to the
prosecutor.

It is said that Officer Craige talked
in an ungentlemanly manner to Mrs.
Ireland, and people who heard the
conversation, say that he swore while
talking to her. The lady could only
hang her head and listened to the offi-
cer's outpour of wrath. She was
very much angered at the treatment
which she received from Mr. Craige
and she has filed out a warrant for his
arrest. People who heard parts of the
conversation were brought to court
as witnesses.

Mrs. Ireland was poorly dressed,
but this did not warrant the officer's
rough language.
A later report which has been con-
firmed by city authorities is that Marsh-
al Craige was arrested. He was taken
before Squire Jackson this afternoon,
where he pleaded guilty to the charges
preferred against him. He was fined
\$10.25 by Squire Jackson, and it was
paid.

GOOD OLD DAYS ALMOST GONE

Summer Time is More Than
Half Over and Autumn
Approaches.

Atmospheric Conditions Tell a
Story That is Sad, but
True.

These are the hazy, lazy days that
Jim Riley writes about. The milk
weed blossoms float about in the air,
and the hay fever victim sniffsles.
The base ball fan is even drowsy,
and barely has time between naps to
read the latest report on batting and
field averages. The sun is even a lag-
gard and hesitates to get up on time,
exhibits no energy during all the day,
some times stops behind an accommo-
dating cloud long enough to hide its
face and take a "stretch," and then
goes on its way complainingly and
stops work a little earlier every night.

The nights are so cool that no one
sleeps without cover, and most every
one sleeps so hard that he don't get
thoroughly awake until about dinner
time the next day.

But it's great weather, glorious old
Hoosier weather, when old Sol is
about the size of a sugar barrel all
day. It is the time of year when the
harvest will soon be in and every
one can rejoice and be glad. Occa-
sionally one is compelled to work off
a good healthy, vigorous sneeze dur-
ing these atmospheric combinations,
but after its over one almost wishes
he could sneeze that way again.

But there's a warning in these con-
ditions. It reminds us that the katy-
did has long since been heard, and that
before many weeks her merry
giggles will be succeeded by the fami-
liar old song of the gas meter, and
gaping coal bins will be crying need
of replenishment.

It's a speedy time of year, too. The
days and weeks go by with astonish-
ing velocity, the bargain sales on
summer goods are on, and before we
are aware of it the store keepers will
be making the first bid for fall patron-
age.

LOCALS MAKE MANY ERRORS

Union City Downs the Local
Team by a Score of
9 to 7.

In a game, that as an exhibition for
the national sport, was a decided
frost, the local team lost at Union
City, yesterday. The locals and not
only the locals, but Union City as
well, were unable to stop anything
and the Rushville pitchers were bom-
barded unmercifully. Both Dugan
and Wagner were used by Mahager
Geraghty in an effort to stop the terri-
ble onslaught. Rushville is playing
at Knightstown today.
Score: 1 2 3 4 5 6 7 8 9—R H E
Rushville 0 0 0 4 0 0 0 1 2—7 5 10
Union City 2 1 0 5 0 0 1 0 x—9 9 8
Batteries, Dugan, Wagner and
Campfield; Mundhenk and Wolfe.

In commenting upon the manner in
which tramps are driven out of Shel-
byville, mention of which was made
recently in this paper, the Greens-
burg Graphic says: The hoboes are
then told to steer clear of Shelbyville
in the future, and as this little trick
is being noised abroad now the "Weary
Willies" hustle through Shelbyville
an get off at the "Y" in Greensburg,
where they hang around until they
hear of the "stone pile proposition."
Then they hike for Rushville, where
they have the time of their lives. No
creeks to wade, no shellalans in the
hands of the officers to dodge, and no
stone piles. All is lovely, and the
"Weary Willies" thank their stars
that Rushville is on the map.

GREEN BOXES NOT WANTED

Farmers Protest Against Order
Issued by Postal De-
partment.

Farmers are protesting against the
recent order of the postoffice depart-
ment that the rural mail boxes be
painted a dark green. The work has
not been done, but the rural carriers
will receive orders to do this work in
a few days. At the present time the
boxes are bright and can be seen even
at night when the moon is not shin-
ing.

If the boxes are painted a dark green
as specified in the new order, farmers
claim it will be impossible to see
the boxes at night and they fear peo-
ple driving along the highways will
break down the posts on which the
boxes rest. Another order just issued
permits the carriers to paint the
boxes. They will be given extra pay
for this work.

CHILD HAS A NARROW ESCAPE

Suanna McCormick Falls Into
Wash Boiler and Nearly
Drowns.

Suanna, the little fifteen-months-old
daughter of Mr. and Mrs. James Mc-
Cormick, West First street, had a nar-
row escape from drowning about
11:15 Thursday, while playing with
her little brother Joe and some other
children in the yard at the home of
Mr. and Mrs. John Demmer, to the
rear of the McCormick home.

A wash boiler, about one-third full
of stagnant water, was standing in the
yard. It is supposed that the baby
was sitting on the edge and fell back-
ward into the boiler. No one saw the
act but Joe heard her fall and sum-
moned Mrs. Demmer, who quickly
pulled the little one from her perilous
position. The water had somewhat
strangled her and made her deathly
sick. She soon recovered, however,
and is all right today.

Mrs. Martha Hefflin, of Arlington,
who has been very sick for some time is
now better.

J. S. White has refused an offer of
\$135 per acre for his fine 260 acre farm
north of Glenwood.

Born to Watt Whisman and wife, o
Walker township, early in the week,

Ed. Lushel, of Shelbyville, has taken
a position as waiter at the Mag-
nolia restaurant.

M. V. Spivey, who has been sick
at his home on North Jackson street,
is now able to be out.

Five Rushville horsemen are now
driving horses on different tracks
throughout the country.

Milroy Press: Albert Vansickle has
sold the hotel to Monroe Gloschen,
who lives southeast of here; considera-
tion, \$5500. He will not run the hotel,
but bought it as an investment.
Because of the sickness of his daugh-
ter, Kelsey, M. A. Poisal has sold his
five-year lease to Harry Shelpy, who
assumes charge of the hotel about
Sept. 1st.

acted business here, today.

ler.

According to experts who have investigated agricultural conditions in Japan there is nothing in the annals of agriculture that ever approached the scientific skill of Japanese husbandry. If all the 14,995,000 tillable acres of Japan were merged into one field a man in an automobile, traveling at the rate of fifty miles an hour, could circle arable Japan in eleven hours.

Inspection of the boundary line between Vermont and Canada shows that a strip several miles long and from half a mile to a mile wide, which was supposed to be in the United States, belongs to Canada. Rigors of the Quarantine.
New Orleans, Aug. 4.—The most severe phases of the quarantine situation were made manifest yesterday when the parishes of Rapides and Calcasieu stopped all through traffic and thereby tied up the Texas & Pacific and Southern Pacific railroads. They will not allow trains to be run through their limits, with the result that both systems are tied up absolutely.

A City of Refuge.

STATE GAME LAWS

Are Ably Defended by the Owners of the Soil.

Indianapolis, Aug. 4.—The farmer is the greatest ally of the game and fish warden in enforcing the laws in Indiana. According to E. E. Earle, chief deputy, fully half of the cases against violators of the game and fish laws have come through the farmers, and from their evidence alone has a conviction been reached. There are fifteen regular salaried deputies in the state, but it is impossible for these officers to watch all the streams and hunting grounds. The farmers, however, keep their eyes open for law violators in this line and usually inform the commissioners about it at once.

Since last March there have been about 150 convictions for violations of the fish and game laws in Indiana. Most of them were on charges of using seines in streams. As the hunting season has just opened, the squirrel ushering in the season, it is expected that many more cases will roll in now. About seventy-five deputies have been scattered about the state in the favorite hunting grounds.

Brigadier General Charles Shaler, U. S. A., retired, who this week is giving the officers of the Indiana national guard, in camp at Fort Benjamin Harrison, much valuable advice, has had an interesting career. He served with honor during the civil war, and after peace was declared he entered West Point, where he finished his military education. During the service that followed he did duty in all branches of the army; was an instructor at West Point, and visited every arsenal in the United States. He is a native of Pennsylvania, but when doing duty at the arsenal in Indianapolis he was struck by the city's beauty, and said that when he was retired from the service he would make the Hoosier capital his home. He kept his word, becoming a resident of Indianapolis as soon as he was retired.

The supreme tribunal of the Knights of Pythias, now in semi-annual session at the Claypool hotel, decreed yesterday that a saloon keeper is not eligible to membership in the order, unless he was in the liquor business prior to Jan. 1, 1896. The rule was adopted as the result of an appeal made from a Chicago lodge. A member who owned a saloon sold his place of business and afterward wanted to re-engage in the traffic. The ruling of the supreme tribunal makes him ineligible to membership in the order.

The first general shipments of Indiana watermelons were on sale here yesterday for the first time this season. The receipts included Monte Cristos, Sweethearts, Rattlesnake melons and the common Georgia melon. The sweetheart melons proved the favorites with the buyers. An advance in price was noted, not because of any scarcity, but because of the improved quality. Receipts of canteloupes were lighter, causing an advance of 10 cents a basket.

Columbus, O., Aug. 4.—Governor Herrick has come out flatfooted against pool-selling on Ohio race tracks. "I will do all in my power," he said, "to see that the law against

MYRON T. HERRICK, GOVERNOR OF OHIO.

pool-selling on the racetracks in Ohio is enforced. I am opposed to the practice. I vetoed the Chisholm pool-selling bill on April 25, 1904, because I thought it was against the moral interests of the state, and I am of the same opinion still regarding pool-selling."

Didn't Like Army Post Work.
Laporte, Ind., Aug. 4.—Arthur Mulke, a deserter from the 82d coast artillery at Fort Totten, surrendered here. He enlisted last November and was transferred to Fort Totten, N. Y. He deserted from that place in March. He says that too much work caused him to desert and that the constant fear of arrest and the fact that he could not go home made him surrender.

JAS. R. CARNAHAN

One of the State's Best Known Citizens Dead at Indianapolis.

INTERESTING FIGURE

Veteran of the Civil War and Major General of the Uniform Rank K. of P. of the World.

Valuable Services Rendered in Putting On Active Footing the Militia of the State.

Indianapolis, Aug. 4.—Tomorrow afternoon at 2 o'clock, James Richards Carnahan, veteran of the civil war, major general of the Uniform Rank of the Knights of Pythias of the World, and one of the best known lawyers in Indiana, will be laid in final rest at Crown Hill.

MAJOR GENERAL CARNAHAN.

of about four weeks. General Carnahan was the founder of the Pythian military rank. His history as a Knight of Pythias began in the winter of 1874, when he became a member of Lafayette lodge No. 51. He entered the grand lodge of Indiana after passing through all the chairs of Lafayette lodge, and was elected grand chancellor of Indiana in January, 1880.

As adjutant general of Indiana under Governor Porter, General Carnahan organized the militia of the state. He also established the custom holding a camp of instruction for the Indiana national guard. This was done each year during his term of office without aid by the state in the way of appropriation. By arousing the military spirit of the people, he received private subscriptions in sufficient amounts to defray all expenses of a week in camp.

General Carnahan's health commenced to fail last January. Paralysis of the stomach with complications developed, and from May 26 on he was confined to his home in Woodruff Place. His illness forced him to withdraw from the race for commander-in-chief of the national G. A. R., for which office he had announced himself as a candidate. He was sixty-four years old.

Singular Hunting Accident.

Muncie, Ind., Aug. 4.—Mistaking him for a squirrel in a tree, William Taylor shot and probably fatally wounded James Falby, three miles west of the city. Both are farmers and each was hunting. Falby had shot a squirrel in the top of a tree and it had lodged in a fork almost sixty feet from the ground. Taylor happened along and discerned an object in the tree-top, being able only to see the hand of Falby. He emptied the contents of a shotgun at the object. Falby clung to the tree and managed to climb safely to the ground, from where he was hurried to this city. More than eighty bits of lead have been removed from his arm and right side, and the attending physician states that the recovery of Falby is in doubt.

Lineman Hurlled From Pole.

Michigan City, Aug. 4.—Christopher Jones received fatal injuries by being thrown from a telephone pole by an electric current. Jones was employed by a telephone company as a lineman and had climbed a pole to stretch a cable. His hands came in contact with an electric light wire and a cable guy. Instantly he was torn from his position and fell twenty-five feet. Besides being badly burned and shocked, he received internal injuries.

Gas Belt Takes Hope.

Hartford City, Ind., Aug. 4.—The directors of the People's Gas company of this city have just completed a test of their wells in this city, and find that the pressure now is almost one-half more than it was last year. The pumping stations have been removed from the Hartford City gas field, and the increased pressure in the wells is the result.

Proposed Traction Merger.

Upland, Ind., Aug. 4.—The survey of the Huntington, Upland & Matthews Traction company has been completed and the corps of surveyors that run the line are now working on the Indianapolis, Hartford City & Eastern, south of Alexandria. The two roads may be merged and built by the same company.

Engineer Seriously Scalded.

Greensburg, Ind., Aug. 4.—Ed Hermiss, a traction engineer, while repairing a leak in the boiler of his engine, was badly scalded by a plug blowing out of the boiler. The whole front part of his body from the shoulders down was severely burned.

Despondent Farmer's Suicide.

Lafayette, Ind., Aug. 4.—Despondent over financial troubles, Albert Bohrer, a farmer near Shadeland, committed suicide by drinking carbolic acid. The tragedy occurred in the hay-mow of his barn.

SPECTACULAR CHASE

Effort to Break Up "Wireless" Gambling at Chicago.

Chicago, Aug. 4.—Gamblers intent upon playing the races and policemen determined to prevent all racetrack betting on the high seas, furnished on Lake Michigan yesterday one of the most unique and spectacular gambling raids ever attempted in this country. The police and gamblers raced around the lake, first into Michigan waters, then close to the shores of Illinois and then into the jurisdiction of Indiana, the one seeking to escape and the police determined to capture them at all hazards. The net results for the police were the capture of fourteen weary marine gamblers who floated ashore at South Chicago in a launch. All of the others, after a hot chase by the police in a lumbering fire tug, escaped to Indiana Harbor, Ind., and made their way ashore outside of the jurisdiction of the Chicago police.

The gamblers who returned to Chicago last evening declared that even though the police had arrested all the passengers of the Eagle they would have found it impossible to prove a case against them, as the wireless apparatus refused to work throughout the day, and not a message was received, not a bet was made.

KILLED IN SUBWAY

Editor Charged With Libel Meets Death Underneath Cars.

New York, Aug. 4.—Robert W. Criswell, editor of a weekly publication who was arrested recently on a charge of criminal libel, preferred by Representative Joseph L. Rhinock of the Covington (Ky.) district, was killed last night by an express train at the Seventy-second street station of the subway. The local charge against Criswell grew out of the publication of an article reflecting upon Mr. Rhinock and censuring Representative Nicholas Longworth of Ohio for having introduced Miss Alice Roosevelt to the Kentucky congressman during the visit of the president's daughter in Cincinnati. Criswell was arrested July 12 and was held in \$1,000 bail for trial. The accused man published an apology in a subsequent issue of the paper.

Oyster Bay, L. I., Aug. 4.—President Roosevelt today received informally Sergius Witte, the principal envoy of the emperor of Russia to the Washington peace conference. Baron Rosen, the Russian ambassador and associate Russian envoy, accompanied Mr. Witte to Oyster Bay. They were guests of the president and Mrs. Roosevelt at luncheon.

A Probable Story.

Berlin, Aug. 4.—No confirmation is obtainable of the report that a meeting has been arranged between Emperor William and King Edward, but the news is regarded by the press in general as probably true, as it is assumed that both rulers are anxious to assuage the embitterment between the two peoples.

Had Met Financial Reverses.

Indianapolis, Aug. 4.—Louis Traugott, proprietor of a barrel house at 828 Warren avenue, committed suicide by taking a quantity of carbolic acid. The only reason assigned by relatives of the dead man is that he had met with severe financial reverses and was on the verge of ruin.

Coon's Corner.

The wheat is all threshed in this neighborhood. The yield was fairly good.

Our Andersonville reporter has learned the tune to "good old supper time."

Among the sick are Mrs. Tressa Harves, C. B. French, Lis Crawley,

and Pete Shepler's little son.

Fred Krug has the largest strawstack in the neighborhood. It covers nearly a quarter of an acre of ground. He will have the greater part of it baled.

Owing to a division between the officers and members of the Starvation company, which was organized in this neighborhood at the beginning of this threshing season. It is now an evident fact that the men who toil in the wheat field and in the dust around the threshing machine will no longer have to chew the rag, but will be fed as in days gone by on yellow-legged chicken and good lemon pie. While an attempt has already been made to adopt the same rule for next year, it has met the disapproval of every sensible man in the neighborhood. Some realize the mistakes they made this season and are breaking the rules by feeding the men in the good old way, while others send them home with empty stomachs. This may work in some localities, but the people in this threshing company have always been used to good grub and plenty of it, and now if they undertake to starve us out we will be like the Chinaman—no eatie, no workie. Oxford.

INITIAL MEETING

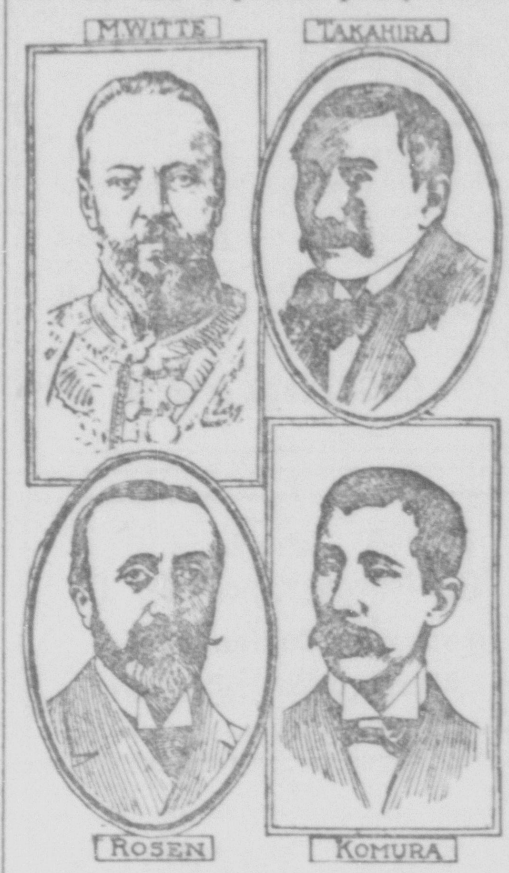

Of the Peace Plenipotentiaries to Be Held at Oyster Bay.

PROGRAM IS NOW FIXED

Tomorrow the Formal Representatives of Warring Nations Will Meet Face to Face.

Ceremonial Introduction of Men Who Hold Peace Or War in Their Hands.

New York, Aug. 4.—Acting for the president, Third Assistant Secretary of State Pierce has communicated to Baron Rosen, the Russian ambassador, and Mr. Takahira, the Japanese minister, the official program for the formal presentation to the president of the Russian and Japanese plenipotentiaries.

RUSSIAN AND JAPANESE PEACE ENVOYS.

ries to the Washington conference. This program has for weeks been a subject of much study on the part of the president and Mr. Pierce.

As the president's representative, Mr. Pierce will accompany Baron Komura and Mr. Takahira and their suite to the pier of the New York yacht club at East Twenty-third street at 9 o'clock Saturday morning, where the delegation will board the protected cruiser Chattanooga, Commander Alexander Sharp commanding, and the vessel will start for Oyster Bay, steaming at a medium speed. Half an hour later Mr. Pierce will perform a similar ceremony for Mr. Witte and Baron Rosen, the Russian plenipotentiaries, and their suite, who will go aboard the protected cruiser Tacoma, Commander Reginald F. Nicholson commanding. Mr. Pierce will then board the converted yacht Sylph which, steaming rapidly ahead, will pass the Tacoma and Chattanooga, taking position at the front of the column.

Arriving at Oyster Bay about noon, the "peace squadron" will anchor, its arrival being loudly heralded by the firing of an ambassadorial salute of nineteen guns for each mission from the Galveston, Mayflower and Dolphin, which will be in waiting to convey the plenipotentiaries to Portsmouth. Mr. Pierce on leaving the Sylph will board the Mayflower and will await the arrival of the president. The president will board the Mayflower about 1 o'clock. He will be given the presidential salute of twenty-one guns from all the vessels in the harbor, and as soon as his flag is hoisted on the Mayflower the Japanese plenipotentiaries will come on board from the Tacoma and be presented by Mr. Pierce.

Half an hour later the Russian envoys will come aboard and be presented. Immediately the president will formally present the Russian and Japanese plenipotentiaries to each other. A buffet luncheon in the cabin of the Mayflower will follow. At its conclusion the Japanese mission will take leave of the president and board the Dolphin. Mr. Pierce will go aboard the cruiser Galveston and the president will then take leave of the Russian mission and go ashore, again receiving a salute of twenty-one guns.

Under convoy of the cruiser Galveston, Commander Cutler commanding, with Mr. Pierce aboard, the Russians on the Mayflower and the Japanese on the Dolphin will sail for Portsmouth. The squadron will steam slowly, so as not to arrive there until about 10 o'clock Monday morning. Desirous of being strictly neutral in all the arrangements for the presentation, it was decided at the outset by the Washington government that the president would recognize no precedence based on successes in the present war. Because Baron Komura was presented at Sagamore Hill almost a week before Mr. Witte arrived in this country, it was decided that for this reason Baron Komura must take precedence over Mr. Witte. This however, will be recognized only in the half hour's difference in the time of the presentation of the two missions.

Dynamite Lets Go.

Kingston, N. Y., Aug. 4.—An explosion occurred at the dynamite factory of the Nitro-Powder company at Mingo Hollow. Six men were killed and a number injured.

STRIKE BROKEN

Northwestern Roads Claim to Have Beaten Telegraphers.

St. Paul, Aug. 4.—The second day of the telegraphers' strike on the lines of the Great Northern and Northern Pacific railroads ended with the railroad officials asserting that the strike has already been broken, and the officials of the telegraphers' union declaring that it has only begun. Both sides profess great satisfaction with the situation, and each maintains that the struggle will be ended within a fortnight.

In spite of the difficulties presented by the walkout of the telegraphers the railroads have been able to keep the more important trains very near to the schedule. Through trains from the coast arrived in St. Paul on time with the exception of the North Coast limited on the Northern Pacific, which was not seriously delayed. The time freight trains are being successfully handled. The abandonment of a number of way freights was the most serious disablement of traffic.

The railway officials claim that there has been a notable break in the ranks of the strikers, all the operators on the branch of the Great Northern and North Dakota having gone back to work, and thirty or forty more having signified their willingness to do so. Many substitutes have been placed and men from different parts of the country are being examined and put to work as rapidly as they arrive.

ILLEGAL VOTERS

Will Be Put Out of Business in Philadelphia.

Philadelphia, Aug. 4.—All city employees under the jurisdiction of Mayor Weaver are now under orders to at once make an examination of the voting lists in their respective divisions and report all names that are illegally on the lists as qualified voters. Orders to this effect were issued at the instance of the mayor by the directors of the four departments over which the mayor has control.

The police in their first canvass reported more than 31,000 names illegally on the lists. This canvass was unsatisfactory to the mayor and he ordered that another inspection be made. As a result of the first canvass about a score of policemen have been ordered up for trial before the police board of inquiry for alleged failure to report all fraudulent names on the first canvass.

Postmaster Confesses Theft.

Mount Sterling, Ky., Aug. 4.—John Ballard, assistant postmaster at Richmond, Ky., was arrested by Postoffice Inspectors Speer of Lexington and Hennen of Cincinnati on a charge of rifling registered letters. On his person was found \$42 extracted from a registered letter. When confronted with the charge Ballard confessed.

Posee Ended Bloody Career.

San Diego, Cal., Aug. 4.—The naval court of inquiry into the Bennington disaster continues its secret sessions daily on board the flagship Chicago.

Chicago, Aug. 4.—Wm. Demlow shot and fatally wounded his sweetheart, Amelia Walder, and then sent a bullet through his brain.
